melonpeeler

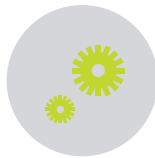

Melonpeeler
Peeling melons with a twist!

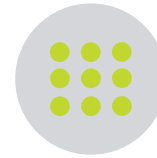

Healthy Snacking

Fresh cut melon is a convenient and healthy snack. With the Melonpeeler peeling a melon is made cost-efficient and very easy.

Technical Benefits

Peeling melons by hand is messy and inefficient work, while fully automated peeling machines are expensive and not that fast. The Melonpeeler peels melons manually, fast, hygienic and with a high yield.

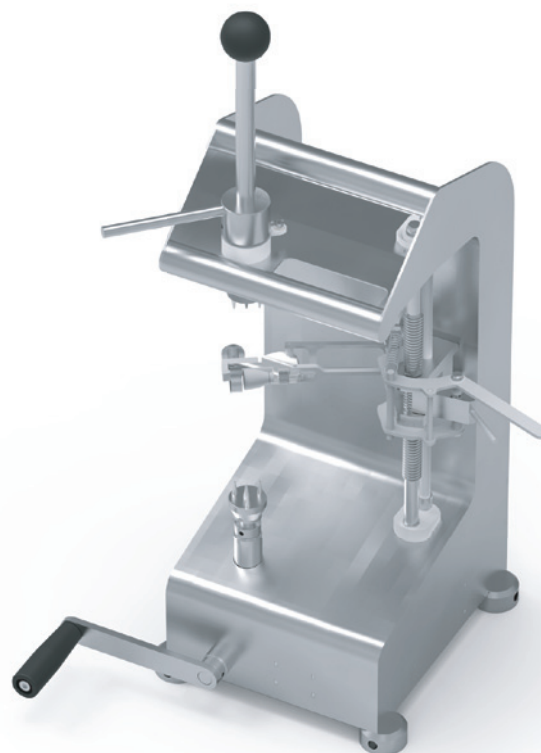

Packaging (AMAP)

Packing the peeled and cut melon in a sealed tray or cup in combination with the AMAP technology can increase the shelf life up to a week. The AMAP technology adjusts the packaging to the respiration rate of the fruit inside.

Specifications

- Up to 250-350 melons per hour
- Adjustable cutting thickness
- Dimensions 490 x 450 x 680 mm (l x w x h)
- Weight 20kg
- Product dimensions 100 / 250 mm (min / max)
